

**Job Description: Part-Time Retail Data Collector**

To visit supermarkets/convenience stores/food retailers on a weekly basis and collect data on products sold in store.

**Hours of Work:**

There are no fixed hours of work, however you will be required to visit your allocated store(s) every Monday (or Tuesday if it is a Bank Holiday Monday) except the week between Christmas and New Year. Depending on the store, approximately two to six hours per week.

**Place of Work:**

- We are currently recruiting nationwide.

**Holiday Entitlement:**

- 5.6 weeks' holiday per year (1<sup>st</sup> January to 31<sup>st</sup> December), including bank and public holidays. This is calculated on a pro rata basis, depending on the number of hours that you work.

**Salary:**

- The salary is above the National Living Wage and is calculated depending on the size and number of stores that you are required to visit.

**Key Responsibilities:**

- To collect data consisting of (but not limited to) category, product, promotions, price, weight/unit, packaging type, country of origin.
- To ensure that the correct data is captured.
- To take clear and relevant photographs in store.
- To ensure that the data and photographs are submitted within the time frames required.

**Required Attributes:**

- Must be able to accurately capture, record and input data, which changes week on week.
- Knowledge of smartphone/electronic devices.
- Valid driver's license, reliable transport and valid vehicle insurance required.
- Must be able to work on a Monday (or Tuesday if there is a bank holiday).
- Must be reliable and self-motivated.

**Preferred Attributes:**

- The successful candidate will be a self-starter who likes to work independently and enjoys a challenge.
- Prior experience in grocery and or retail would be highly desirable but not essential as full training will be given.
- Flexibility to cover additional stores for holiday/sickness of other data collectors.

**Working Conditions and Physical Demands:**

- Must be able to stand for periods of time whilst collecting data.
- Must be able to use own mobile phone.
